\* By far our preferred choice of training and assessment is from qualified instructors for the Coast to Coast Grade 2 Kayak Skills Certification. However we will also look at an exemption for those who either cannot access a qualified instructor, or can easily show they have the prerequisite skills and knowledge.

Individuals will need to submit a combination of at least two\* of the following:

- Logged experience
- Signed attestation from a person of high regard in kayaking
- Proof of competition of other kayak races or multi-sport events involving grade 2 kayaking sections
- Video evidence of skills
- River rescue course or other kayak skills course

*\*Note: more than two forms of evidence may be required depending on your level of evidence*

We will also accept other kayaking certificates that are the equivalent to or surpass the requirements of the Coast to Coast Grade 2 Kayak Skill Certificate. These will be assessed on a case by case basis.
